CVMA Political Action Committee

The CVMA is your voice in the Capitol, with full-time advocacy to ensure your interests are represented. Our Political Action Committee (PAC) helps us build relationships with members of state government, which is critical when we must act on issues of importance to veterinarians. Our success depends heavily on having the Legislature understand the importance of veterinarians and the profession. The CVMA-PAC is independent of any political party or any specific candidate, and makes contributions regardless of party affiliation.

The highest levels of support for the CVMA-PAC are:
President Member ($1,000 and above)
Governor Member ($500 - $999)
Senator Member ($150 - $499)
Capitol Member ($75 - $149)

Show your support for the PAC’s efforts by sending a 2008 contribution today. If you didn’t give in 2007 (or even if you did), please give in 2008. Your PAC contributions ensure that your voice will be heard. CVMA member dues are not used for the CVMA-PAC, which is funded solely by contributions.

Checks should be made payable to:
CVMA Political Action Committee
1400 River Park Dr., Suite 100
Sacramento, CA  95815

Contributions to the CVMA Political Action Committee are not tax deductable as charitable contributions for federal income tax purposes. Corporate checks are allowed.
