

NOTICE: EUTHANIZED LIVESTOCK/HORSES USING BARBITURATES

Effective July 30, 2020 all animals (not including domestic dogs, cats, and pet birds) euthanized with Barbiturates **must be marked with an Orange B on the forehead** at the time of euthanasia so that animals do not get rendered into animal feed or pet food.

No less than four (4) inches in height unless the area to be marked is less than four (4) inches, in which case, the mark shall be as large as possible.

Legible at a distance of not less than ten (10) feet.

Made using an orange all-weather livestock marker or orange pavement marking spray paint approved by the Department as suitable for producing a permanent mark.
