Some of each, please.

I would like information about Veterinary Insurance Services Company insurance products.

I would like information about becoming a disaster volunteer for my county with the California Veterinary Medical Reserve Corps.

CVMA dues are not deductible as charitable contributions for federal income tax purposes. However, they may be deductible as a business expense. Active practicing veterinarians: \$40 of your full membership fee is allocated to the CVMA-PAC. That portion (estimated to be 13% of your dues) is not deductible as a business expense. If you do not want to support the CVMA-PAC, you may allocate those funds to the CVMA Foundation (please request this in writing and submit along with your application and payment).
